## FARMERS MARKET VENDOR APPLICATION

Dear Vendor:

Well, it is that time of year again-time to think about the Coos Bay Farmers Market. The Downtown Association will continue to keep the market where it has been on Central Avenue. We will be starting May 14 and will go through October 29, 2008.

At this time we would like to just get a feel for who is returning to sell at our market this summer. We will send the updated guidelines and further details of the market after we know who is attending. The market seems to grow larger each year, the current location seems to be working out and the patrons are having no problems finding us.

If you plan to attend, please fill out the form below and return it to us. We will keep you posted as to what to expect the first market day. After we receive the replies from this letter and know who plans to attend, we will mail an official application and a copy of the guidelines. It is imperative that you read the guidelines before signing the application as it states that you have read and agree to follow those guidelines. (The application will be due by May 1.)

We thank each of you for your support and efforts in the past to make the market such a good place to work, sell, buy, and visit. We continue to get positive comments from members of the Bay Area community about the market and already people are looking forward to our opening date.

Sincerely,

Coos Bay Downtown Association
